ACTION MATTERS FOR BOARD CONSIDERATION, REGULAR AGENDA

Discussion and approval to consider changing procedure allowing individual listings for property management companies with more than five listings.

Background
Jonathan was approached by Ken LeBlanc at Scenic Wonders to list all of their properties individual on the website. Jonathan has brought the decision to the Board. YMCTB has recently contracted back with JackRabbit, the re-direct booking engine service. The initial set up would be to provide each lodging property information to them. Before this is done we need to know if we are going to add the vacation rental management companies that manage 5 or more properties. If the vote is passed then we would need to add 300

Comments from the Board:

Barbara Robinson:

- She feels that it is cumbersome the way the site currently works. It only shows 12 rentals at a time. She suggests moving to 50 per page. Once JackRabbit is live this issue will be alleviated.
- The site does have filters but she says that no one uses filters anymore.
- She says that the individual vacation owners feel left out and the management companies get special treatment.

Douglas Shaw:

- He will vote against it but is okay either way.

Christian Mueller:

- He is ambivalent and feels that it is fair to the owners to be listed individually.
Motion - Donna Nassar motioned to include the individual property listings from all management companies that have five or more properties.
